

Where's the shop?

Something like that

Are you from the police?

I read his dancing was good

What are you talking about with him?

No no he he!

It's been a long time since I had such fun

A small church behind my photo shop

Which one?

I put it in a chapel

What if someone really took it?

I  
200

Why the hell a place like that?

Didn't know what to do with it

I thought someone would take it

Dick!

Dick,  
they  
did it!

We  
don't  
know!

He  
suddenly  
ran away

Where  
did the  
German  
go?

Hurry!

We'll find  
out about  
the Major  
later

W  
H  
A  
T  
!?

Metem-  
nich was  
abducted!

The Austria-  
America  
Association  
was raided  
a moment  
ago, and

Who  
did it?  
The Major?  
Or, Polar  
Bear?

Don't  
know  
yet

It was  
premed-  
itated

They took  
Metemnich  
away in the  
commotion

There was an  
explosion at  
the gate, power  
went off, and  
several men  
raided the  
building

Urrrrrr

Urrrrrr

Polar Bear  
disappeared

Duck, we've  
got to get  
out of here,  
too!

**I'll kill both  
the Major and  
Polar Bear!**

**DAMN!**

There's chaos  
at the Austral-  
America  
Association

What  
happened?

Mattaruch  
was abducted  
by the KGB?

Major

That was  
miraculous,  
Major

Forget  
what you  
saw

Don't tell  
those in  
intelligence,  
or I'll  
hit you

*though  
nearly  
off the  
mark.*

*We'll go  
to the  
church!*

*A few  
quack  
snack for  
Polar  
Bear*

*they  
snapped the  
man's body*

*Because I  
was following  
Heisterbach  
around.*

*What a pitiable man.  
No end of trouble,  
thanks to his wife  
hiding the  
information in  
his shoe.*

*He's never failed  
to call me when  
he was late  
coming home.*

*What  
is Karl  
doing?*

It's time for  
"Good Music  
for You."

All my  
efforts will  
come to  
nothing

... tries to  
contact me  
or ...

... demands the  
information  
from me ... ?

... What if  
the agent  
sent from  
Moscow ...

What  
happened  
in  
Leningrad?

I need his  
show as soon  
as possible

Exposure  
Wala, by  
Johnanna  
Strass

Tonight, we  
present a piece  
requested by  
Frau Maria  
Therese

What  
comes to  
mind?

The essence  
of teaching is  
concentrated  
in the short  
text

The  
*Propaganda*  
style is a  
profound  
scripture

Let's go  
back to  
our own  
trade!

Don't push  
your luck, Mr.  
Lord, or you'll  
suffer divine  
punishment

He should  
have a  
larger  
audience.

It's a pity  
we're the only  
listeners

If you  
don't mind,  
we'll call  
them now

You can  
lecture in  
their auditor-  
ium

There are  
students in  
the theology  
college

But isn't  
it too late  
to gather an  
audience?

A Zen  
lecture?  
Now?

I'd be  
happy to  
share my  
knowledge  
with them

*It's a haven  
where adorably  
young men crowd!*  
♡♡

*A theology  
college? That's  
more than I  
could wish for*

I'm  
honored

My  
first 'un

Isn't it  
'and to  
take a  
prior?

Oh,  
yours,  
too?

What if you  
show yourself  
up?

I'll repeat  
what I learned  
from the video

The "tassie"  
strings tie  
into between  
the toes like  
kintaro

These  
"tabi" socks  
and "zori"  
sandals are  
pans

I can bluff  
my way with  
this exotic  
costume

I'm  
particularly  
sensitive to  
these sounds

You have  
good ears

Ah,  
now I  
can hear

Don't you  
feel a bit  
giddy?

I'm a  
quiet Zen  
practitioner

Irishbrook  
used to be a  
peaceful town.  
It's not so safe  
any more

Some  
troublemakers  
have gathered  
in this town

Scare  
no  
foolish

The  
redcoats?

Thank God  
there were no  
casualties

There was a  
bomb explosion  
at the Austria-  
America  
Association

That's  
terrible!

Out of my way!

He's from the CIA

Oh, that's the

It's off limits, sir!

Who do you think I am?!

Are you a real cop?!

Get out of my way!

It's not a show!

Onlookers should go home!

We're searching with all our resources

Did you find out where they went?!

Not yet...

What the hell were you doing in my absence?!

Duck, we were waiting for you!

But the clerk was a quiet man who had worked there for ten years

Guys like that are the most suspicious! How many years have you been an agent for the CIA?!

They were notes of either the KGB or NATO!

A clerk and a junior of the association disappeared

They may have helped the readers get in

I see. They are hamburgers and watched the association

The employees saw them

Dick!

Leave no stone unturned in the search!

Are quick to turn our attention elsewhere!

I don't know  
anything  
about an  
whorehouse!

That's  
absolutely  
untrue!

Return  
it to us,  
and we'll  
release  
you

Metternich, we know  
that you obtained  
crucial information  
that will put our  
nation in a very  
unfavorable  
position

Isn't it  
you who  
trapped me?

That's what  
I want  
to know!

Then, why  
was the Major  
following you  
all over?

It won't  
be easy to  
make him  
talk.

Metternich is a  
seasoned  
CIA  
contact

to search the  
surroundings  
of Schmidt

Keep on  
interrogat-  
ing him

He insists  
he knows  
nothing,  
sir

Comrade Polar Bear  
The surprise attack was a success, wasn't it?

*He danced  
on the stage,  
in front of us  
at that...*

*That man  
wouldn't have  
danced for  
no special  
reason*

*only  
because he was  
determined to  
accomplish  
something*

*Evans has  
made puzzling  
movements  
often enough  
in the past.*

*But the  
Mayor's  
Tyrolean  
dance was  
unprece-  
dented*

*Tell those  
watching Evans  
to join the search  
for the Mayor*

*The top  
priority for  
us is to find  
the Mayor*

*Rogers*

*This has to  
be covered  
in his file  
at the  
KGB*

*It never  
occurred  
to me he  
had such  
talents*

*(Mischke is  
a skilled  
Council  
dancer.)*

*I'll report it to  
Comrade Mischke  
the Cub*

*That will stir up his  
deep animosity against  
the Mayor once*

make a  
move.*

*What on the  
world is  
Karl doing?*

*I must know  
where he  
is now?*

*It was my  
mistake to hide  
the information  
on Karl's door.  
Believing it would  
be the safest place.*

*Oh, Fraa  
Scholz.  
How may I  
help you?*

*I'm awfully  
sorry to call  
you so late.  
Fraa Karl  
Scholz's  
wife.*

*Figure.*

We need to keep Frau Schmidt in Vienna.

Make up a plausible reason why he's not able to return to Vienna.

Got it  
I'll manage

K said he and L were about to get into a panic

Polar Bear and the Steamroller were struck dumb with surprise

He danced so well that he got a big round of applause from the crowd

Thank, we were lucky not to have been there

Th-the Mayor danced a Tyrolean dance?

Tyrolean dance?

Shall we dance in a circle with the Mayor?

Why don't we egg him on to dance for us when he's in a good humor?

HA HA HA

That's sorrying

What a profound man

Tyrolean dance

Imagine that the Mayor

I knew he would do anything for his missions, but

Promise you won't tell the Mayor that I told you

Wow! What happened? Tell me, B!

-Hey G, wanna hear some interesting news about the Mayor?

be speaking  
ill of us\*

inside my ear

My guess is  
that an interest-

to him after  
he gave the

From  
the boy's  
attitude

it looks  
like the Earl

We'd

back to the  
church

Did he

I doubt it,

the time

Something  
that made him

that fear

He was  
scared witless

What're

here?!

Major,  
don't fall

I made a full recovery!

Congratulate me!

Look at me, Major!

The Major's voice is as loud as gunfire

He'll gather a crowd, yelling like that on top of the roof

I thought you'd be happy for me! You're bloody heartless!

Don't move, or I'll shoot you!

Cut that out, you stupid moron!

Was!?

Shut up, thief! You can't escape!

Major, don't interfere with my work!

What if  
the roof

Dick,

Major!  
You're on

I owe him a personal grudge

It's none of your business.

mean...

Watch the  
airport,  
train stations  
and autobahn

He won't be  
able to move  
openly after the  
collision

Don't let  
him escape  
from  
hinterback

Before  
the CIA  
and KGB  
stuff it  
out!

We must  
catch him  
this time!

Got it?

He may  
start stealing  
things

Another thing  
He was talking  
some rubbish  
about profes-  
sional recovery

Keep a  
watch on  
un-related  
places

The Nordbaten may  
be laughing at us

The assistants shook  
and not a moment  
was brought forth

Ferdinand!!

Empty

Peace has returned to the town.

He'll chase me about  
It's exciting

The Mayor must be  
furious

Well

What a  
delightful  
morning,  
it was!

It was  
like the  
celebration  
of my  
recovery

Can't wait  
to see the  
evening  
paper

I have  
recovered  
both  
mentally  
and  
physically

Not to  
worry, Mr.  
Bonham

Though  
it's a bit  
strange  
with  
every  
one

It's  
inspiring  
enough for a  
non-Buddhist  
like me

The  
beautiful  
Kannon  
promises  
me good  
luck

Look,  
this statue  
is mine

And she's  
an old fox  
with more tricks!

The Major,  
Polar Bear and the  
CIA are watching  
every movement  
of that woman

W-w-what?

Their stock  
is quite nice

Let's  
plunder that  
antique  
store

No  
not

Mr  
Bon-  
ham?

Are you  
telling me  
that I'm  
no match  
for her?

I was set free  
from the spell  
that had bound  
me for so long

I'll steal  
and steal  
to my  
heart's  
content!

When a  
suppressed  
passion erupts  
all at once, the  
energy makes the  
impossible  
possible

Right

But we  
must escape  
from this  
town first  
to go to  
Vienna

That's  
good,  
very  
good

The Major's  
looking all  
over for us

Ohh 's  
become  
Napoleon  
at last

There's no  
'impossible'  
in my  
dictionary

Mr. Bookham, I'll read one more thing before leaving for Vienna.

—The Caribbean  
Theology College—

*Dear Sirs of the Caribbean,*  
*I am so honored to receive an invitation that the above*  
*named Theology student is participating with the*  
*school's choir group. I am very fortunate as not only do*  
*they sing*  
*Christ's words to the world, my village will be*  
*greatly entertained.*

*Yours the Theology Prof*

Read this,  
everyone!

*Is she one coming here to steal it tonight?*

He purposely mentions the Major in the invitation

It's a trap

He's telling us to come to the theology school and watch him steal

A courteous advance notice of a crime

What the hell is this about?

That's it

I see, I see

Oh, yeah

Weren't they quarreling with each other?

But Francis was running away from the Major

We are being lured to the school

He's going to contact the Major, while

That racket  
made me  
worried for  
them, even

Comrade Polar  
Bear, did they  
forget that they  
were intelligence  
agents?

The woman  
who was asked  
to look after a  
horse said she  
was told it was  
publicity for a  
new movie

The police  
didn't find out  
who they were

But after all,  
it wasn't so  
unexpected,  
considering it  
was a collision  
between the  
Steamroller and  
the Major

I was shocked  
to see it on the  
local TV news,  
too, comrade  
Reindeer

What do you  
think of this,  
Polar Bear?

You know  
a lot about  
the Major  
and Eroca.

Comrade  
Reindeer, the  
relationship of  
those two is quite  
complicated

There is  
something  
beyond logic  
between  
them

The authorities  
can do no more  
than just let it  
pass as  
some kind of  
performance  
that went  
too far

Every  
filmmaking  
company  
does it

An announce-  
ment of a  
break-in to the  
Communism  
college

He invited  
us to come  
and watch  
his robbery

This letter  
came from  
Eroca  
right after  
the inci-  
dent

A trap

A hint to lure us out

-Then, what is this letter?

We don't even know whether they are on friendly terms with each other or not.

It'd be much easier for us if we understood their rules

How far are they working as a team or independently?

-Don't you agree, Comrade Rendon?

So, they will try to set up a contact again

The Mayor attempted to contact Erosca at the Hofburg, which was frustrated by the Steamroller

It could be our information

Yet, in the worst case scenario

It's probably because Erosca recently got hold of something very valuable

They hadn't met since their arrival in Innsbruck

Then, why did they attempt a contact for the first time this morning?

The something may be

Comrade Polar Bear

Order our men  
to keep strict  
watch on the  
airport, stations,  
and main streets!

We can't  
let the Major  
and Erosca  
see each other

Meanwhile,  
we must  
prepare to  
deal with the  
worst case  
scenario

We must  
continue  
marrying  
him.

But,  
what  
about  
Meier-  
rach

Therefore,  
their contact  
place ought to  
be a place  
most conven-  
ient for an  
escape

If Erosca  
has what  
the Major's  
after

they'll fly  
to Vienna  
immediately  
after the  
contact

MICHEL  
ALFENBERG

He thinks he can escape from Bratislava while we are gathered in one place

This is a glaring trap

The hell I will, what?

Then, are you going to the philosophy school or?

And he's a flamboyant, walking self-confidence, who is fond of display

The East has done anything to stand what he wants

-But-

Neither the CIA nor KGB are fools

They know what he's plotting

what if he's serious, sir?

-Right, there are three possibilities, given the East's bent

A) a makeshift trap  
B) excessive self-confidence, or  
C) the pathological attachment to objects of art

He took us seriously

Shouldn't we have mentioned it?

Understood, sir!

See the teachers, and

Hey, you go to the theology school right away

After

This is...

*If Erica is going to see the breakfast statue we should take advantage of it*

We must not disturb the tranquil lives of the townsfolk

...and a tooth for a tooth.

An eye for an eye...

If the last of the...

If he knew the situation didn't work... he'd try to get out of here... once or twice

Oh, my heart's  
longing, my fingers  
are aching

Five hours  
until night

The Mayor,  
Sawmiller  
and Polar Bear,  
they will all  
come together

They have received  
my invitation by now,  
Kramer's warning letter

I'll make it  
a success,  
on my  
honor

I'll get hold of the  
Kramer and teach  
them my real ability;  
it's a grand operation  
to kill two birds with  
one stone

I'll steal the  
statue right in  
front of them  
I'm confident  
I can, and...

escape like a  
ghost of wind  
leaving them  
in a flutter

Well,  
actually

TELEFON

Do they  
look  
anxious?

How is  
it going  
at the  
theology  
school?

Mr.  
Bar-  
ham!

Listen,  
the thief sent  
a warning to  
the police,  
too!

The police  
were here  
a moment  
ago

It's  
over

A reporter  
from the  
Daily  
Tyrad

Professor  
Thomas,  
a call  
for you

They took  
the statue away  
It's under their  
surveillance  
now

What?!

What?!

Did he  
send a  
notice to  
the paper,  
too?!

Could  
you talk to  
me about  
it?

We received  
a notice from  
"Ereos the  
Phantom Thief"  
that he'd come  
to steal a  
Buddhist  
statue

Oh, you'd  
rather see  
the statue  
stolen?

Oh no,  
not at  
all

B-but

Were you supposed  
to hand it over to them  
so easily? Didn't it occur  
to you that the policeman  
could be the thief  
in disguise?

I saw their  
ID with my  
own eyes!

I'm more con-  
cerned about a  
demand from  
the Japanese  
government to  
return the sta-  
tue to them

The police  
gave their  
word that  
they wouldn't  
hand this to  
the Japanese  
consul

Because  
the statue  
is not here!

You might  
as well go  
to the police  
and ask them  
about it

So, it's  
no use inter-  
viewing us

—Vienna, Austria—

The next  
news is . . .

The orchestras  
are arriving one  
after another from  
all over the world

The biggest annual  
musical event in Vienna  
the International Music  
Festival month is here

at the concert  
halls of the  
Gesellschaft der  
Musikfreunde,  
Theater an der  
Wien, and the  
Staatsoper  
(National Opera  
House)

Internationally  
renowned artists  
and orchestras  
will perform...

The  
orchestra  
will  
perform  
at the  
Staats-  
oper,  
and

The Leningrad  
Philharmonic  
Orchestra  
arrived today

*-Karl will be back. He will.*

*-I must be patient.*

*...so I'll make it and contact "him".*

*I've done well until now.*

It's a national event, the President of Austria and the top government officials will be there, too

We shall attend the opening night of the Vienna Music Festival

The moment the Mayor left for Innsbruck, my hair stopped falling out

Seems like your hair has regrown a little

Our bodies cannot lie

I'm looking forward to the performance of the Vienna Philharmonic

My stomach has fully recovered

We are lucky that we could get rid of that potent stress source

Not that much trouble, but

-No, no

Is Eberbach back?

See, we've got a problem

\* Zashiki warashi (Zashiki chō) is a Japanese elf that is said to bring the house and its residents prosperity.

Right  
now?"

What?"

It and I  
are to go to  
Innsbruck?"

Shut your  
mouth and  
get on your  
feet!

But...

Immediately!  
We're short-  
handed because  
of the Earl's  
interference

You couldn't  
keep the Earl  
in Vienna, so  
you're responsi-  
ble for this  
circumstance!

Do you  
under-  
stand?"

Getting back  
the microfilm  
is more  
important  
than watching  
the woman!

But... but  
somebody  
has to keep  
an eye on  
Frau  
Scholz.

Don't bring  
back the troubles  
in Innsbruck  
to us

Take care,  
A & B

We  
shouldn't  
have  
mentioned  
the Mayor

That's why  
I don't want  
to go...

—Flashback Airport—

Ho ho ho!

Sister Emeka?

When are you waiting for?

I couldn't deceive you

I wonder if his first love was a nun

Then, do you know this, dear? Iron Klaus has a man complex.

DTSCHE

The indoubtable KGB, indeed

Our database says that you often disguise as a nun

That's why he's so kind to nuns! I'm jealous!

Oh, dear

The nickname 'Potato Klaus' is attributed to the fact that he worked hard to peel potatoes for her

According to our sources, the boy Major admired a lovely nun at the gymnasium

Ladies and gentlemen, this airport will be closed

Please follow the instructions of the airport attendants and leave the airport immediately

Wit-what did you say?

-Airport courier

It may be a hoax, but we must evacuate everyone!

Call the security police!

Yes sir!

Someone called us about the bomb he planted somewhere in the airport!

A terrorist attack!

What's the matter?

Kyushu!

Dear me! A bomb! Sister Bonheur!

Is it the Major or Sister Bonheur?

Comrade, this is

The airport is still under strict surveillance and the flight schedule will not be back to normal until tomorrow morning

The search is over, and it turned out there were no explosives in the airport. The call proved to be a malicious hoax

RRR

*I was planning to use it to lure him out of the search room longer, but*

If Lord Gilera is found, we don't need to keep this one any more

The bomb threat was made by the Mayor

Just like his idea.

He helped us escape from Polar Bear

We can't go out to the town for a while, me lord

Right. Let's work out the way to escape

**You were in cahoots with the Major and tricked me!**

**You faggot thief, you can't escape this time!**

*Lord my shooting ability has gone*

**We know you have the information from Jim Carter!**

*He's a tank heavy crawling into the bedroom*

**Give it to me, or I'll beat the shit out of you!**

I forgot  
to take  
it off

This is  
from the man's  
diagnosis

He's  
wearing  
a cross like  
a good boy

Is this  
your  
mommy's  
memento,  
mum?

Should have  
said it was  
my mommy's  
memento

It's odd  
you're still  
wearing it

You are  
lying!

Then you  
would've  
removed it when  
you took off the  
man's attire

A  
cross  
of that  
size

A  
macro-  
film  
can be  
hidden  
in

Well,  
you're  
right,  
sort of

I have no  
religious belief  
myself, but I  
felt like asking  
for God's  
protection

I got  
scared  
while being  
chased  
by you

*I want play  
for now to  
make a chance  
to escape*

*Oh, dear  
This man's pace is  
hard to grasp  
He's smarter than  
he appears*

The search is  
more important  
than tending the  
injured for you,  
heartless sod

Stop  
whining  
and get up

Or I'll  
flatten  
your face

Wah!

I was  
just  
about  
to be  
splattered  
by Scar-  
rollor

Pulse  
count 70,  
which is  
normal

That's  
why you're  
a bloody  
pulp

I see,  
I see

I'm so  
sorry

Where's  
the  
microfilm?

You've  
brought it  
on yourself!

Haven't  
you ever  
had sympathy or  
conscience?

I had a  
terrifying  
experience!

But that  
rowdy hit  
man and  
kicked me

You-  
darn!!!

Why the hell  
didn't you say  
that first?

Idiot!!

Inside the  
cave that  
I was  
wrestling

but  
Steamroller  
found it  
and took  
it away

So you  
are all  
right

I  
see

I asked  
him to  
spare  
my face

You  
don't  
look  
like it

-Is?  
How many  
times did  
he punch  
you?

Five

I'll escort the purchase on you for Steamroller later!

Keep the Earl in our custody!

You said five, jaf?

You owed up before he beat you

I know you well enough

This one was roosting around

Me lord!

You were captured, too, Mr Busham

The Major and Steamroller are part of the same gang

M'lord, what are they going to do with us?

Get the car! Go!

Contact the ones chasing them!

See!

Just the thought of it paralyzes me

Is being attacked by a tank lorry romantic for you?

Well

That's it

Steamroller is a crude tank lorry

The Major is a high-performance tank

Keep a civil tongue!

Their clothes are different! Faces are different!

He's  
perfect

The joy of  
chasing him  
The excitement  
of being chased  
by him  
Everything is  
exciting about  
the Major

I'll keep  
the film in a  
'til Vienna.

A cross  
is a good  
container

we've no  
business in  
this town

Now that  
we've  
got the  
macro-  
film.

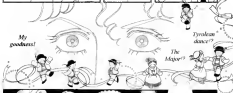

We'll show  
them off the  
scout soon

The Major's  
men are still  
following  
us

What if I  
tell the Major  
that I heard it  
from you?

*Bloody  
murderers!*

*Murderers!*

That's  
right,  
Mr. A.

I know  
it!

Tell me,  
Mr. A.

-By the  
way, is it  
really true  
that the  
Major  
danced?

It's your  
fault, you  
oughtn't to  
keep secrets  
from your  
superior.

You  
tricked  
us!

Tsk, tsk,  
tsk. It's  
too late.

Lord Gloria,  
we don't want  
you to disturb  
the Major's  
chase!

Don't worry  
I promise  
we'll  
disappear  
halfway.

This is why  
I didn't want  
to come!

What a  
jolly place  
Tyrol is!  
Ha, ha, ha!

Good Lord,  
imagine the  
Major jumping  
up and down  
in shorts!

Steamroller  
is heading  
south through  
the mountain  
valley

Major,  
sir

Don't be  
thrown off  
Stick to them!

Kayak-  
ing

This is a  
tributary  
of the  
Inn

Kayaking  
looks like  
fun

I don't  
want to get  
lost in the  
mountains  
of Tyrol

Tell the  
others to  
drive along  
the river

You guys  
keep on  
driving with  
them taking  
you

All right  
Drop me  
off in the  
forest  
ahead

I'll  
outwit  
them

Something's wrong

That bastard may have...

A layaking club

They are wrapping it up

The man went down the river, μ?

took my kayak and fled

Yes, a menacing-looking American emerged

We're going to report it to the police

He must be apprehended as soon as possible

That man is an internationally wanted dangerous criminal

—Anyway, I'm glad you were safe

I'm Detective Derek from the special investigation unit, assigned to arrest him

We need your cooperation

Call the police!

Raft derailed!

Vorwärts!!

Let's go, comrades!

What the hell is it?

The Major and Steamroller are going down the river?

Kayaker?

We can see the valiant Major in the rapid water

Mr. Hookham, did you hear that?

Besides...

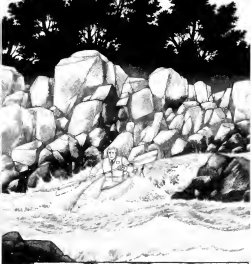

to pick up the Major anywhere from the river

We'll go along both sides of the banks

Then we'll head for the lower reaches

The ones on  
the raft are  
spilling off one  
after another

They should  
have practiced  
it on the  
Volga

Rafting is a  
mighty dynamic  
sport

Comrades,  
they stained  
a fistfight!

Most  
were  
thrown  
off.!

Give me  
the cross,  
now!

It belongs  
to the CLU

Wanda!

Corrado, don't get carried away!

Get the raft back in position!

Their physical strength will decide

It's a true Tyrolean adventure!

What a dynamic, exciting spectacle!

And that's all they got

Let's go after them and look for a chance!

Hurry!

Hang on, Major

I told you not to mention them as equals!

You infuriate me and the readers!

Aye, aye

You look fabulous in the nature of Tyrol

Tirol

Reader to Caesar  
the things  
that are  
Caesar's

And to Eroica  
the things  
that are  
Eroica's

Both  
God and  
Buddha  
steered  
by me!

What a  
bulldog!  
Lemme  
go!

Ah?

Oh!

Contrade,  
that's

Everyone  
was throw  
off into  
the river

## Introduction

**T**

The Mayor is  
believe mainly  
in hand in the  
valley of Tread

Sorry for  
the dressed-  
up ladies

The clouds  
are threaten-  
ing rain

The weather  
forecast says  
it will be  
stormy  
tonight

—Hence—

At least we  
don't have  
the Major  
around

While we  
have to  
watch the  
lady

Hey,  
folks!

The  
Vienna  
Music  
Festival

They are  
going to  
the opera

Push life,  
one night  
after  
another

Lord Gloria  
made off with  
the manuscript  
and is heading  
for Vienna!

The Major  
will be  
back!

The Earl...  
When I was just about to put the file he snatched it away!

What the heck  
is the relation  
between Enoca  
and the Major?

If Enoca  
hadn't come,  
the microfilm  
would have  
been mine!

A chopper  
can't fly  
this route.

You've been  
carried to quite  
deep in the  
mountain.  
Dick.

We  
needed  
turn for  
the search  
for you

Who  
brought  
this movie  
along?

There are  
dark passages  
between them

Stay in  
Tyrol  
forever!

Joe,  
you stay  
here!

Holy smoke,  
this is a  
lover's quarrel  
across  
the border.

He's going  
back to Vienna  
by way of  
Munich!

Dick, the Major  
took the Autobahn  
toward the border  
with West  
Germany!

Get back  
the microfilm  
from Enoca!!

Hurry!  
Don't fall  
behind the  
Major!

Just  
laddering,  
Dick!

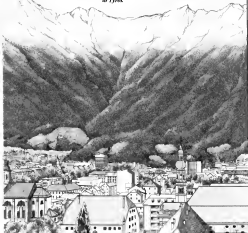

I was  
just  
laddering

*The town regained its serenity.*

*Peace returned to Tyrol.*

Glad Mr  
James wasn't  
with us

Deal done,  
as easy  
as that

You got  
me a four-  
star hotel,  
will you?

.....

If she's told  
by a layman  
like me that  
I know her  
identity

The bugs I  
planted on  
their house  
will help me

When we get  
to Vienna, I'll  
look into Mrs  
Schmidt's  
movements

In the  
meantime,  
we can steal  
their merchandise

that would  
be the severest  
revenge on the  
old fox

That's all the  
more reason  
I want to  
challenge her  
before the  
Major arrives

She's a sly  
old fox in the  
realm of the  
espionage war

See  
correct

I'll restore  
my honour  
in Vienna

The tougher the enemy,  
the more exciting  
(I wish the enemy  
were a woman)

Tomorrow
